

Hi Neighbor!

I live nearby and would like to offer my assistance to any elderly and medically fragile neighbors at this time.

I am not visiting with anyone outside of my family, but I am making occasional trips to the store. I'd be happy to pick up groceries, medications, etc. and drop them at your door for you if you need them.

I can be reached at:

or \_\_\_\_\_

**We're all in this together.**

Please reach out if you need anything.

Warmly,
